Heli-Core – Remedial Wall Tie

Product datasheet

View product online

Download 2D CAD (DXF)

Remedial wall Ties can be utilised in new buildings and for many specialised refurbishment requirements like apartment buildings, historic buildings, bridges and many more (building materials – concrete, brick, stone, wood, air concrete and others). Made from high-quality stainless steel 316.

Corrosion class	R4
Material	Stainless steel 316L
Sizes	8mm × 200mm, 8mm × 220mm, 8mm × 250mm (4)

Features

- Engineering solutions designed for your specific project requirements.
- Unlimited masonry reinforcement and anchorage applications
- Cracks restoration and wall stabilization
- Subsequent needling of 2/3/4 Leaf walled masonry
- Fixing into all types of masonry , stone materials and concrete
- Installed by Power support tool

Technical details

Dimension drawing. Sizes are given as A × B.

Sizes

A	B
8mm	200mm
8mm	220mm
8mm	250mm
8mm	300mm

Corrosion characteristics

R4	Stainless steel 316L

Ordering information

Choose one option from each column to build the order code, then give us the code and the quantity you need.

Example order code

RWT1-8x200

Product code	**Size** – A × B
RWT1 Remedial Wall Tie	**-8x200** **-8x220** **-8x250** **-8x300**
